

Presenting
THE MODULARACK®
A fine family of quality wine racks
 It all starts with the wood...

- A world standard, made in Australia from renewable plantation pine.
- Made of strong, hard, and sturdy wood.
- Easy to install using almost no tools.
- Easily add to your wine racking capacity as your collection grows.
- Sold in over 60 countries throughout the world for 35 years.
- Racks can hold standard wine or Champagne bottles.
- Stores wine bottles in preferred position so corks remain moist.
- Available in natural or stained finishes.
- Large inventories of racks maintained in USA.

All Modularack® wine racks are made in Australia for a very good reason. It's the strong, hard, high-density wood from plantation-grown Australian Radiata Pine

that makes these racks very special.

Radiata pine originates from the California Monterey pine tree (*Pinus radiata*). The story is quite paradoxical. Monterey pine has an extremely limited natural habitat in only three localities on the California central coast, largely on the Monterey Peninsula. In its native habitat it has little economic importance. Conversely, this same tree species

has been planted more abundantly throughout the world than any other American tree where it has great economic importance. Therein lies the paradox.

Monterey pine has been grandly successful in Australia, where the Monterey legacy wine rack wood is grown and the racks are produced. This modern Monterey pine, called Radiata pine in Australia (its Latin name), has gone through selective breeding to produce superior trees with very straight, tall trunks. The result: a hard, high-density, strong wood.

All Modularack™ products are made from FSC* certified timber.

*FSC - Forest Stewardship Council promotes worldwide standards for forest management.

MODULARACK®

Modularack® TABLE TOP OPTION for all racks on pages 291-299

18 sizes available in Natural and Stained. This free-standing end table/wine rack is another option available for the single-deep Modularack® wine racks. The table top can come in handy when uncorking and serving wines. Used as a "platform", wines can be pre-opened, allowed to breath and left on the table top until ready to serve. Corkscrews, glasses and a wine bucket, on a tray, can be centrally located on top until ready for use.

Simply add a table top to any 4-layer unit. Modularack® Table Tops are available in natural and stained for all Modularack® sizes as shown on pages 212-213. All table tops are sold separately as indicated. Only 6 of 18 models are shown on this page. See item numbers for all tables in graph below.

VINRACK™

The **economy** line of wine racks by MODULARACK®
Convenient • Compact • Robust • Great for home kitchen or dining room use.

VinRack™ utilizes the same high-density Australian Radiata Pine as Modularack® PRO and Modularack®
All VinRack™ components made of 3/4" thick wood stock.

VinRack™ provides the structural integrity and easy assembly of the Modularack® system but with lighter components to satisfy domestic space requirements. Available in natural or stained finish.

Strong and stable, it requires no tools to assemble. Pieces simply fit together.

The same strong high-density Australian Radiata Pine wood is used as is found in the entire Modularack line.

Two quick-and-easy assembly components are included in each kit: SUPPORT BEAMS and BOTTLE CROSS BARS. Both of these components are constructed of the same 3/4" thick wood stock.

VinRack is made in 3 standard widths: 4, 6 and 8 bottles wide. It can stack up 6 layers high.

See video of VinRack™ at: <http://vimeo.com/374758681>

Measurements for VinRack™ Wine Racks

THE **MODULARACK®**

A fine family of quality wine racks

It all starts with the wood...

- A world standard, made in Australia from renewable plantation pine.
- Made of strong, hard, and sturdy wood.
- Easy to install using almost no tools.
- Easily add to your wine racking capacity as your collection grows.
- Sold in over 60 countries throughout the world for 35 years.
- Racks can hold standard wine or Champagne bottles.
- Stores wine bottles in preferred position so corks remain moist.
- Available in natural or stained finishes.
- Large inventories of racks maintained in USA.

All Modularack® wine racks are made in Australia for a very good reason. It's the strong, hard, high-density wood from plantation-grown Australian Radiata Pine

that makes these racks very special.

Radiata pine originates from the California Monterey pine tree (*Pinus radiata*). The story is quite paradoxical. Monterey pine has an extremely limited natural habitat in only three localities on the California central coast, largely on the Monterey Peninsula. In its native habitat it has little economic importance. Conversely, this same tree species

has been planted more abundantly throughout the world than any other American tree where it has great economic importance. Therein lies the paradox.

Monterey pine has been grandly successful in Australia, where the Monterey legacy wine rack wood is grown and the racks are produced. This modern Monterey pine, called Radiata pine in Australia (it's Latin name), has gone through selective breeding to produce superior trees with very straight, tall trunks. The result: a hard, high-density, strong wood.

All Modularack™ products are made from FSC® certified timber.

*FSC - Forest Stewardship Council promotes worldwide standards for forest management.
