NOTE: All prices are in Canadian dollars plus shipping **within Canada only** and subject to change without notice. 03/23/2026

NUVO \$889.99

Features:

- *Easy to install*
- *Adjustable temperature range: **53°F – 64°F***
- *Bright LED display with alarm*
- *Multiple vibration isolation for quieter operation*
- *Energy efficient design*
- *Built-in internal condensate evaporator*

Specifications:

- *Dimensions: **9 3/4" H x 15 3/4" W x 15 3/4" D***
- *Weight: **42 lbs***

Important: *Serial Number Required*

A serial number is required for all replacement orders.

- ***Please take a clear photo of your serial number and a picture of the cabinet and email it to service@strictlycellars.com***
- ***Your order will not be processed until the serial number is received.***
- *The serial number can be found:*
 - *On the **left side** of the cooling unit, or*
 - *On the **power cord for the light***

*The serial number is also used to determine whether an **upgrade kit** is required to install the newer model that replaces older units.*

- *If a serial number is **not** provided:*
 - *An upgrade kit will **not** be included, and*
 - ***Additional charges*** will apply if an upgrade kit is later required.
