## A SMARTER WAY TO PROTECT YOUR WINE

### KoolR™

#### Quieter • Smaller • Smarter

Conveniently monitor temperatures from outside your wine cellar with the digital display.

Let the super smart controls sense conditions in your room and adjust the power levels automatically. No need to fiddle with the fan and power settings.

The unit will run as quietly as your conditions allow. Precise temperature and higher humidity levels around the clock.

Quality features including superior energy efficiency, hi-temp alarm, excess humidity warning, and a multi-level vibration suppression system.

Simply pop it in the space over any door; can also be mounted on wall.

**KoolR Plus (Magnum)**

- Microprocessor Control
- All Digital Sensing
- Super Bright Display
- Computerized Airflow
- Acoustic Insulation
- Vibration Isolation
- Coated Coil
- White Louver

**Limited Stock Available**

**QUALITY ALERT:** Please be advised that with recent production issue at the factory in China there is a minor imperfection on the bottom edge of the front panel on the cold side. Please note, this does not affect the overall quality or function of the cooling unit.

KoolR Model	Drywall Cutout *1	Outside Louver	Dimensions W x H x D	Shipping Weight	Max Cu Ft Room *2	BTU Max.	Price CAN
<b>KoolR Plus</b>	15 5/8"W x 9 3/8"H	18 1/2"W x 10 1/2"H	15 1/2"W x 9 1/8"H x 15"D	42 lbs	900	3000 BTU/hr	\$1,650.99 FOB Kelowna or \$1,500.99 + S&H *4

\*1 Maximum Wall Thickness unit can be placed: 6". If installed in a thicker wall see installation guide; longer screws may be required.

\*2 1. R20 - All walls, floor, ceiling. 2. Insulated air sealed door. 3. Air-Conditioned environment.

\*3 Using 2 units cuts down on noise, provides emergency backup and distributes air more efficiently to all corners of your wine cellar.

\*4 + Manufacturers direct S&H (*pending availability, contact for a quote*)

**NOTE:** All sales final, no returns on cooling unit once shipped or box opened. The installation location must meet the minimum clearance requirements as indicated on the attached installation guide or it will not function or cool the wine cellar adequately.

**KoolR** (back, cold side)
